

100mL soft touch, airtight bottle with convenient twist cap controlled nozzle dropper

## OVERVIEW

With restorative and rejuvenating abilities, asap glycolic peel benefits a wide range of skin types. The 40% glycolic acid peel unclogs and refines pores to help reduce breakouts in acne prone skin, stimulates the natural production of collagen to help reduce the appearance of fine lines/ wrinkles and encourage skin firmness while the addition of hyaluronic acid assists in restoring skin hydration.

## GLYCOLIC PEEL BENEFITS

- exfoliates the skin surface
- can improve the appearance of hyperpigmentation
- improves overall skin health and evens skin tone
- hydrates and brightens skin
- diminishes the appearance of fine lines and wrinkles
- helps to stimulate collagen production and elastin
- little or no downtime
- will benefit most skin types

## KEY INGREDIENTS

### GLYCOLIC ACID (AHA)

- gently exfoliates, stimulates and promotes collagen and cell renewal
- improves the appearance of sun damaged skin
- improves skin texture, elasticity and firmness
- promotes the cycle of cell turnover and re-growth, revealing smoother, brighter, supple skin
- evens out skin tone

### CROSSLINKED HYALURONIC ACID

- provides five times the moisturising power and 50 times the moisture retaining properties of traditional hyaluronic acid
- high water binding capacity for excellent moisturising ability
- potent free radical scavenger

### LICORICE ROOT EXTRACT

- skin lightening active, antibacterial and anti-inflammatory properties
- potent antioxidant
- effective treatment for acne

### ALOE VERA

- provides anti-inflammatory, antioxidant with antibacterial and antiseptic benefits
- reduces skin flaking and restores suppleness, while moisturising
- improves wound healing and skin inflammation
- helps stimulate cell rejuvenation
- calming and soothing

Beneficial for a wide range of skin types, this peel helps to unclog and refine pores while stimulating the natural production of collagen to assist in reducing the appearance of fine lines and wrinkles and encourage skin firmness. Assists in the treatment of acne and mild hyperpigmentation. It is recommended that asap radiance serum be introduced to a client's skin care routine two weeks prior to a glycolic peel application.

asap clear complexion gel is recommended to be introduced to a teenage acne clients skin care routine two weeks prior to a glycolic peel treatment.

Ensure that the client has read the client peel information and signed the asap peel consent form.

Keep the following items on hand when applying a glycolic peel - asap neutralising solution, fan and cloth.

## SET UP

- asap glycolic peel
- asap neutralising solution
- asap peel brush
- asap peel bowl
- Timer
- Fan
- Headband
- Gloves
- Cotton pads
- Cotton tips
- asap hydrating lip balm+
- asap daily facial cleanser
- asap soothing gel
- asap SPF

## STEPS

- Cleanse skin thoroughly with asap daily facial cleanser
- Apply asap hydrating lip balm+ SPF15 to lips with cotton tip. Cut a cotton pad in half and dot with asap hydrating lip balm+ SPF15, then press onto closed eyes for protection
- Place 25 drops of asap glycolic peel into peel bowl. This is sufficient product for the face, neck and décolletage
- Apply asap glycolic peel solution with peel brush. Blot any excess solution on the side of the dish, prior to each application

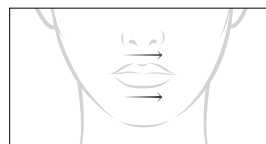

- Begin peel application on the forehead, apply temple to temple

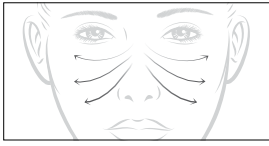

- Apply to the outside perimeters of the face, applying temple to jaw

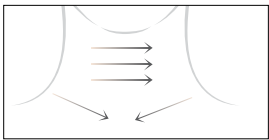

- Apply to the jaw line

- Apply to the chin, the area above upper lip and the nose

- Starting on the bridge of the nose apply to the eye orbital bone and cheeks. Avoid the eyelids and do not apply too closely to eyes

- Apply to neck and décolletage
- Leave the peel on skin for up to 10 minutes, fanning the client for comfort if necessary. Do not leave the client alone in this time
- Remove the peel after 10 minutes by rinsing face twice with a cloth that has been wet in cool water
- Apply asap neutralising solution to entire treated area with a cloth/cotton pad soaked in neutralising solution
- Apply asap soothing gel and leave for three minutes before massaging into skin.
- Apply asap SPF to the face, neck and décolletage. An additional layer of asap CC correcting cream may also be applied
- Finish with asap pure mineral makeup and asap hydrating lip balm+ SPF15.
